

USD Diversified Bond Index ETF Tracker

September 2026

Investment Strategy

The ETF portfolio managed by Magwitch Securities (Pty) Ltd, has an asset allocation that would be categorised within the Morningstar Category - USD Diversified Bond Allocation. The aim is to replicate the performance of the Category Index of 100% Bonds.

The portfolio holdings are a diversified group of Exchange Traded Funds from various Issuers. The objective is to achieve short term capital preservation & income through the exposure of the bond market.
